

Dear Colleagues,

To advance our state-level work around the statistics pathway, the Washington Math Pathways to Completion leadership team co-chair Dr. Helen Burn will host **Stat Chat** from 2-3 PM for two consecutive Fridays, March 2<sup>nd</sup> and 9<sup>th</sup>, 2018, via Zoom Video Conferencing (<https://zoom.us/j/394145483>). Complete information with dial-in options is below.

Stat Chat will comprise three 20-minute, interactive segments:

1. Your comments on the six content areas included in the Math& 146 Recommendations released in December 2017 (see attachment).
2. A presentation by a Washington community college that currently offers a Math& 146 course that addresses all six content areas.
3. A discussion of co-requisite models for Math& 146 and interest in building a consortium of institutions interested in working together on this initiative.

The sessions will be recorded for asynchronous viewing. We hope you can attend **Stat Chat**. If not, you are welcome to submit your ideas directly to Dr. Burn at [hburn@highline.edu](mailto:hburn@highline.edu) or by phone at 206.592.3496.

Zoom Video Conferencing is easy to use and there is a dial-in option so you can join by phone. However, we strongly encourage you to join by video as this enhances the overall experience and engagement of participants.
